SUMMARY

Full-stack web developer with a background in ESL. Educated at the University of Minnesota with skills in HTML, CSS, Bootstrap 4, Handlebars.js, JavaScript, jQuery, Node.js, Express.js, MySQL, Sequelize, MongoDB, Mongoose and React. Can speak, read and write Spanish well, and have strengths in creativity, written communication and logical problem-solving. Passionate about planning and building interesting web applications and finding efficient and elegant solutions for difficult issues. Can draw on my experience teaching grammatical structure to help with explaining the mechanics of code to other team members.
